**REVISION** 

Rev	Date	Details
1	24-Oct-2024	<ul> <li>Smart Launcher updated to 1.238</li> <li>① Removed the beginner section</li> <li>② Added status icon of Internet Update</li> </ul>

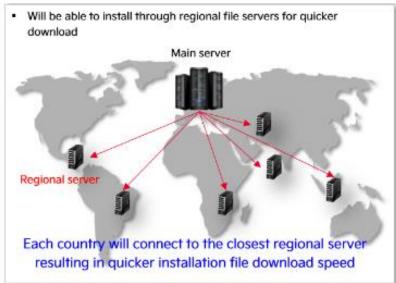

#### This migration is essential for continued access and usage of GDS Smart (Available from 17–Oct–2024)

This migration addresses recent server-related issues, including installation/update failures, irregular authentication errors, delayed e-report synchronization, and functionality failures in S/W management and ECU Upgrade.

#### Here is what you need to know:

- 1. Benefits of the New Server
  - Download speed
  - System reliability
  - Stability for updates and installations
  - Global performance
- 2. Smart Launcher Update to 1.238
  - Estimated installation time is as follows
    - 30 minutes for current users
    - Up to 1 hour for beginners.
       Installation time may vary depending on user's network connected.

## For optimal installation results, please reboot your tablet before proceeding

## Preparation

#### Please make sure to prepare proper tablets for installation.
