

New Feature: App Switching Between GDS Smart and Digital PDI

After your initial sign-in, easily switch between GDS Smart and Digital PDI using the in-app buttons.

⚠ Cautions

- **Switching from Digital PDI to GDS Smart is not allowed.**
- **Diagnosis numbers and records created in GDS Smart or Digital PDI are not transferred between the apps; only app switching function is supported.**
- **To support this feature, the Digital PDI app will be installed on users' tablets.**
 - **Purpose:** to enable switching between GDS Smart and Digital PDI
 - **Existing Digital PDI users:** the app will be updated automatically.
 - **Users without Digital PDI:** the app will be newly installed.
 - **Don't need Digital PDI?** Please delete the Digital PDI app.

New feature rollout: October 29 (exact date may vary by region)

How App Switching Works

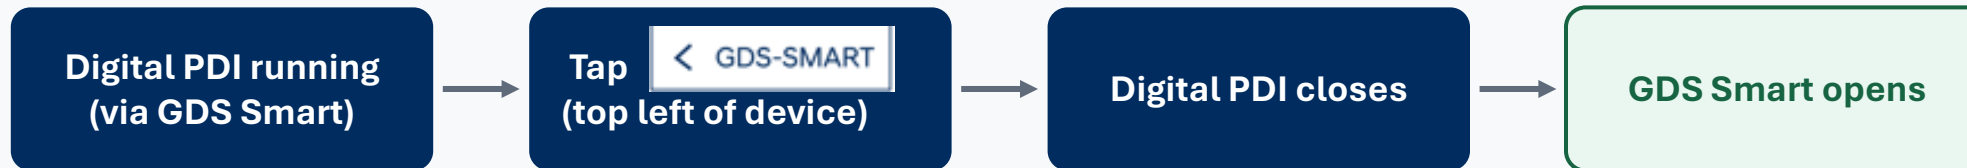

1 GDS Smart → Digital PDI

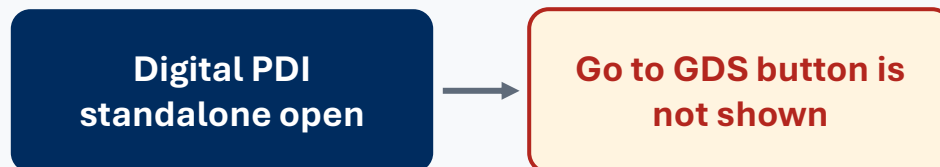

⚠ To open Digital PDI from GDS Smart

- VCI2/3 must be connected
- Auto VIN must be completed first

2 Digital PDI → GDS Smart (via Go to GDS)

3 Digital PDI opened on its own

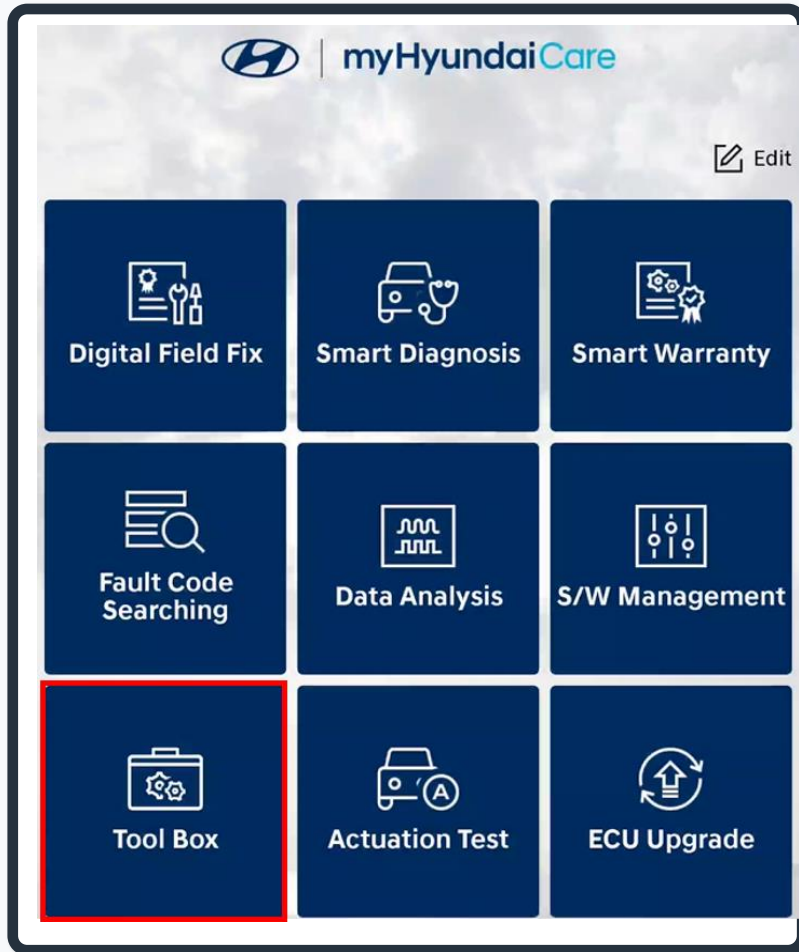

⚠ Caution

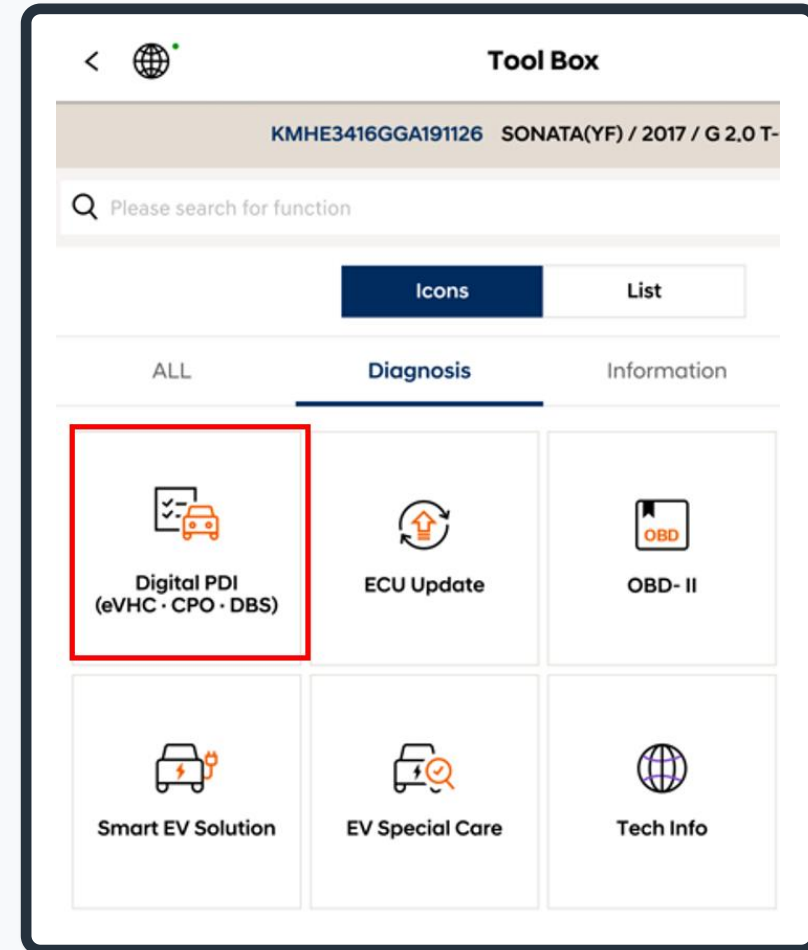

- When Digital PDI is first opened, you cannot go directly to GDS Smart.
- Go to Digital PDI via GDS Smart first; then you can return to GDS Smart only.

How to move from GDS Smart to Digital PDI

1 Open the GDS Smart App and tap Tool Box

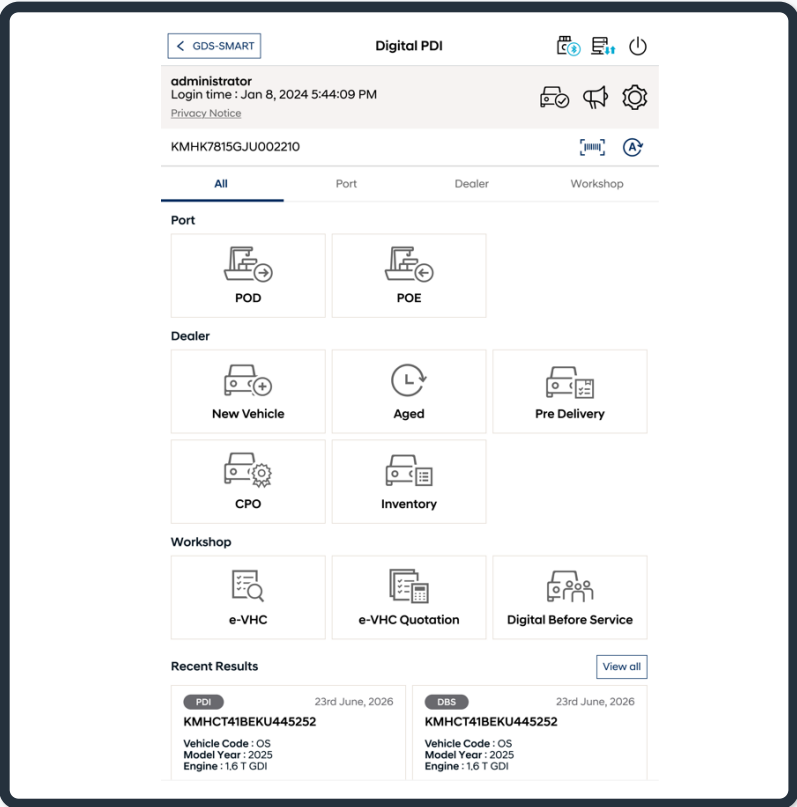

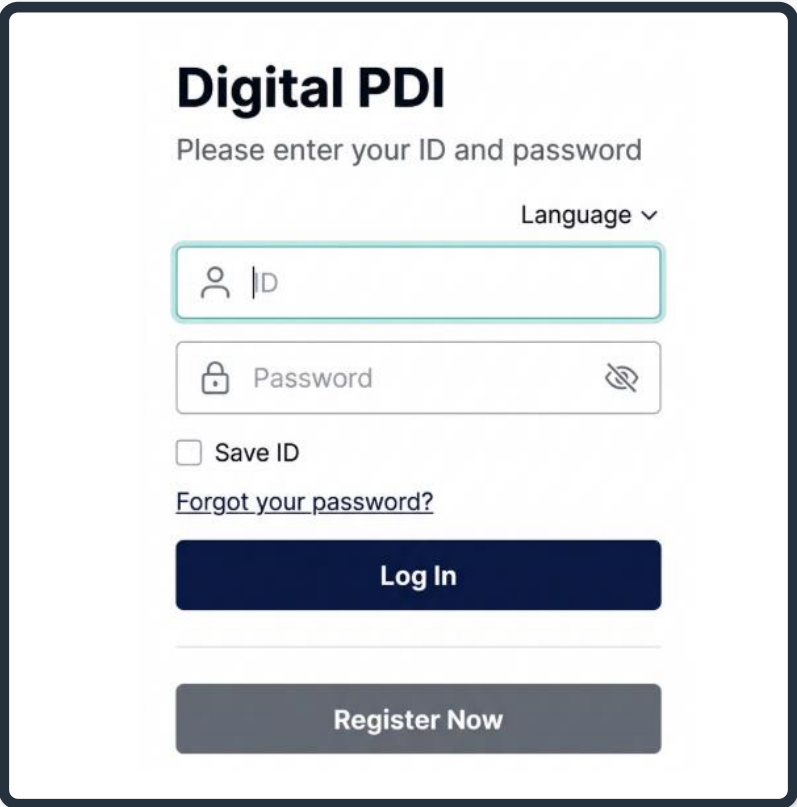

2 Tap Digital PDI (eVHC, CPO, DBS)
